AGENDA NO. III-E

FROM: John Haig, RGS Consultant

Meeting Date: June 2, 2022

SUBJECT: DISCUSSION/ACTION RE RATIFICATION OF FIFTH AMENDMENT OF CONTRACT WITH REGIONAL GOVERNMENT SERVICES (RGS)

RECOMMENDED ACTION: Approval of Resolution 22-08, ratifying the Fifth amendment to the Agreement with RGS for human resource services.

FISCAL IMPACT: \$150/hr, not to exceed \$54,000.

DISCUSSION:

The District is under contract with Regional Government Services Authority (RGS) for various human resources services. In the past the original contract with RGS has been amended four times. At the May 12, 2022 Special Board Meeting, the Board of Directors authorized the Board President to execute a Fifth Amendment to the RGS Agreement. The Fifth Amendment provides for additional services for hourly work at a rate of \$150/hr. to assist the Board and District staff with a range of operational and administrative duties consistent with the role of an Interim General Manager

Resolution No. 22-08

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SWEETWATER SPRINGS WATER DISTRICT RATIFYING THE FIFTH AMENDMENT TO THE AGREEMENT FOR HUMAN RESOURCES CONSULTING SERVICES WITH REGIONAL GOVERNMENT SERVICES AT A RATE OF \$150/HR. NOT TO EXCEED \$54,000

WHEREAS, Sweetwater Springs Water District ("District") entered into an Consulting Services Agreement for certain human resources consulting services with Regional Government Services ("RGS"), a joint powers authority ("Agreement") dated October 18, 2021; and

WHEREAS, at a May 12, 2022 special meeting, the District Board of Directors authorized the Board President to execute a Fifth Amendment to the Agreement, this amendment for hourly consultant services to perform operational and administrative duties consistent with the role of an Interim General Manager; and

WHEREAS, the Board President executed the Fifth Amendment, attached hereto as Exhibit A; and

WHEREAS, for the purposes of transparency and clarity, the Board of Directors now desires to ratify the Fifth Amendment.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Sweetwater Springs Water District hereby ratifies the Fifth Amendments to the Consulting Services Agreement Between the Sweetwater Springs Water District and Regional Government Services for Human Resources Consulting Services attached hereto as Exhibit A and incorporated herein and authorizes the Board President and General Manager to take such actions necessary and convenient to fulfill the purposes of the Agreement.

Meeting Date: June 2, 2022

SUBJECT: DISCUSSION/ACTION RE NEW SERVICE REQUEST AT 17538 SUMMIT AVENUE (AMAROLI)

RECOMMENDED ACTION: Deny request for a new service.

FISCAL IMPACT: N/A

DISCUSSION:

This item appears was placed Board Agenda at the request of customer Paul Amaroli, who submitted correspondence to the Board at the May meeting (copy attached).

Staff has investigated the possibility of an additional service on the main line servicing Mr. Amaroli's property at 17538 Summit Avenue. Unfortunately, the main is undersized and the storage is inadequate to provide service and fire protection for an additional service without unduly compromising the existing services on this line.

The District has denied service to several other potential customers in this area for the same reasons.

Re: Appeal to grant a waiver for a single-family-home water connection for 17538 Summit Ave.

Dear Board of Directors:

I am writing on behalf of the trust that owns the lot located at 17538 Summit Avenue (APN 072-173-011). In addition to myself, the beneficiaries of the trust are my sisters, Jacqueline Kennedy and Lisa Amaroli.

The lot is part of a subdivision and is surrounded by houses which have been built over the years. In 1957, when owned by Edward Bird, it had a cabin and a permit was approved for a septic system, which must have had a water connection. We do not know what happened to that cabin, but later the property was acquired by our father and in the 1980s he was granted a building permit for the lot but did not continue with that project.

We are trying to sell the lot but, as you will understand, the lack of a water connection is a major obstacle. We have been told that there is a moratorium for 5 years or more on new connections.

We appeal to you, the Board of Directors, to grant a waiver to allow a single-family-home water connection for this property.

The approval of a connection would remove the main obstacle to our sale of the lot. The lot is the only undeveloped land on the street, and it would improve the overall appearance of the community were a home to be built on it. Development and upkeep of the parcel would also ensure close management of vegetation and keep rodents and other pests to a minimum for the sake of surrounding homes.

Many thanks for your consideration of our appeal. In addition to this email, I am sending the same text via regular mail.

Cordially,

Paul Amaroli, Trustee Ralph and Theodora Amaroli Trust

AGENDA NO. V-B

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

SUBJECT: APPROVAL OF FISCAL YEAR 2022-2023 WATER RATES

RECOMMENDED ACTION:

- A. Hold a public hearing on the proposed Fiscal Year 2022-2023 Water Rates;
- B. Approve Resolution 22-10, which establishes water rates for FY 23, increasing the Base Rate, Water Usage Charge, and Capital Debt Reduction Charges by 5%.

FISCAL IMPACT: Increases revenues to the District by an estimated \$144,138 for District operations for FY 2022-2023.

DISCUSSION:

The proposed 5% water rate increase for FY 2022-2023 was discussed in the May meeting of the Board, and the Board set a 218 Public Hearing on the rate increase for this date. The proposed increase was discussed as a part of budget discussions and the funding to be derived from the proposed rate increase is an important factor in the proposed budget for FY 2022-2023.

The Proposition 218 notices were mailed by April 18, 2022. Approximately 3,600 notices were mailed to all District property owners. As of May 26, 113 protests have been received.

The District received comments from some ratepayers as follows;

"This will be a hardship for me."

"Everywhere prices have increased. Sweetwater Springs should stem the tide and postpone a rate hike."

Two ratepayers wrote letters and District staff responded by telephone to both customers who wrote in.

Resolution No. 22-10

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SWEETWATER SPRINGS WATER DISTRICT ADOPTING WATER RATES FOR FISCAL YEAR 2022-2023

WHEREAS, the Sweetwater Springs Water District (District) provides domestic water services to its residents; and

WHEREAS, the District collects from customers of this utility rates and charges to fund the operation and maintenance of the District, including rates and charges that are collected for providing water service and for repaying debt service; and

WHEREAS, pursuant to Water Code Section 31007, the District Board of Directors is authorized to establish rates and charges sufficient to pay for operating expenses, provide for repairs and depreciation of works and pay for the principal and interest on debt; and

WHEREAS, pursuant to Water Code Section 31025, the District shall fix and through the General Manager collect water rates; and

WHEREAS, Section 3900 of the Sweetwater Springs Policies and procedures provides for the setting of rates for water services by resolution; and

WHEREAS, the District Board of Directors undertook a rate study to analyze the revenue requirements and the recommended rate structure needed to proportionately allocate the costs of providing water service to its customers. The rate study was prepared by Bartle and Wells (2020 Rate Study) and has been on file at the District Office since the notices to property owners mailed out by April 18, 2022; and

WHEREAS, based on the 2020 Rate Study and other information provided to the Board of Directors, the Board of Directors has evaluated the anticipated revenues and expenditures necessary to operate the District and cover the costs of providing water services to customers of the District; and

WHEREAS, charges for local agency water service have been held to be "property related fees or charges" subject to the requirements of Article XIIID of the California Constitution, also known as Proposition 218, pursuant to the holding in *Bighorn-Desert View Water Agency v. Verjil* (2006) 39 Cal.4th 205; and

WHEREAS, Section 6 of Article XIIID of the California Constitution provides that imposing or increasing any property-related fee or charge requires identifying the parcels on which the fee or charge will be imposed and providing notice by mail of the proposed fee or charge to the record owner of each identified parcel indicating the amount of the fee or charge to be imposed on each parcel, the basis on which the amount of the proposed fee or charge, and the date, time, and location of a public hearing on the proposed fee or charge; and

WHEREAS, Section 6 of Article XIIID of the California Constitution further provides that hearings on proposed property-related fees or charges must be conducted at least forty-five (45) days after mailed notice to the owners of each identified parcel on which the fee or charge is proposed to be imposed, and that at the hearing, the local agency must consider all protests against the proposed fee or charge, and that if written protests against the proposed fee or charge are presented by a majority of owners of the identified parcels, the agency shall not impose the fee or charge; and

WHEREAS, in April of 2022, District staff sent formal notices of the public hearing on the proposed rate structure for the Fiscal Year 2022-2023 in accordance with the requirements of Article XIII-D, Section 6(a) of the California Constitution, and has included other rate information on the District's website; and

WHEREAS, the formal notices advised property owners of the new proposed rate structure and the process for submitting protests to said rate structure to the District, in accordance with the requirements of Article XIII-D, Section 6(a) of the California Constitution; and

WHEREAS, the District Board of Directors conducted a public hearing on June 2, 2022, to hear public testimony on the proposed water rate structure for FY 2022-2023 and heard all testimony regarding the proposed water rates, and accepted all related comments and protests for FY 2022-2023, including oral testimony, written materials, and written protests; and

WHEREAS, at the conclusion of the public hearing, the District Clerk tabulated the number of protests and reported that there was not a majority protest of the proposed water rate structure for FY 2022-2023; and

WHEREAS, based on the evidence and testimony provided at the time of the public hearing on this matter, the Board of Directors finds as follows:

1. The proposed rate increases set forth in Exhibit "A," attached hereto and incorporated herein, follow the recommendations of the 2020 Rate Study that was commissioned by the District Board of Directors as a basis for restructuring water rates commencing in July 2020.

2. Pursuant to the analysis and recommendations contained in the 2020 Rate Study, the revenues derived from the proposed water rates do not exceed the District's actual cost of providing water service, are not used for any purpose other than that for which the charges were imposed and are not levied for general revenue purposes.

3. Based on the 2020 Rate Study, the proposed water rates do not exceed the proportional cost of the service attributable to the properties receiving service, and the charges are imposed only on those properties actually receiving service or those for which service is immediately available.

4. Proper notice of the proposed rate structure and notice of a public hearing on the matter has been given to all owners of identified parcels within the District, in accordance with applicable law.

5. The proposed water rates, as described in Exhibit "A," attached, were not protested by a majority of the persons eligible to protest said rate structure; and

WHEREAS, this Resolution shall supersede all other previous resolutions that may conflict with, or be contrary to, this Resolution respecting the water services rates and charges described more particularly herein.

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of the Sweetwater Springs Water District as follows:

Section 1. Recitals. The foregoing recitals are true and correct and made a part of this Resolution.

Section 2. Base Rate, Water Usage, and Capital Debt Reduction Charges. Effective on all bills issued on or after July 1, 2022, the bi-monthly Base Rate, Water Usage Rate, and Capital Debt Reduction Charges shall be as shown in Table 1 of Exhibit "A," attached hereto and incorporated herein.

Section 3. Tiers Reduction. Effective on all bills issued on or after July 1, 2022, the Water Usage Rate Tiers remain at two tiers, as reflected in Table 1 of Exhibit "A" attached.

Section 4. CEQA. The Board of Directors hereby finds that the levy of the proposed water service rates as supported by a water rate study prepared by Bartle and Wells, which is incorporated herein by reference, is exempt from CEQA review under Public Resources Code section 21080(b)(8) and CEQA Guidelines section 15273 because the proposed water service rates are necessary and reasonable to fund the administration, operation, maintenance, and improvements of the District's water system are necessary to maintain service within the District's existing service area, and will not result in expansion of the system. The Board of Directors

further finds that the action entails the creation of a government funding mechanism which is exempt from CEQA as not being a "project" pursuant to CEQA guidelines section 15378.

Section 5. General Authorization. The General Manager is hereby authorized and directed, for and in the name of and on behalf of the District, to execute and deliver any and all documents, to do any and all things and take any and all actions that may be necessary or advisable, in their discretion, in order to effect the purposes of this Resolution. All actions heretofore taken by officers, employees, and agents of the District that are in conformity with the purposes and intent of this resolution are hereby approved, confirmed, and ratified.

Section 6. Severability. If any section, subsection, sentence, clause, or phrase of this Resolution is for any reason held by a court of competent jurisdiction to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of the Resolution. The District Board of Directors hereby declares that it would have passed this Resolution and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that one or more sections, subsections, sentences, clauses, or phrases may be held invalid or unconstitutional.

Section 7. Supersession and Repeal. Any and all other resolutions or ordinances and parts thereof in conflict with the provisions of this Resolution are superseded and repealed, effective on the effective date of this Resolution.

Section 8. Effective Date. This Resolution shall take effect immediately upon adoption. The water rates set by this Resolution shall become effective on all bills issued on or after July 1, 2022.

PASSED AND ADOPTED this 2nd day of June 2022.

SUBJECT: APPROVAL OF THE FISCAL YEAR 2022-2023 OPERATING AND CAPITAL IMPROVEMENT BUDGET

RECOMMENDED ACTION:

- A. Hold a public hearing on the proposed Fiscal Year 2022-2023 Budget;
- B. Approve Resolution 22-11, which approves the FY 2022-2023 Budget including the District's proposed water rates based on a 5% increase.

FISCAL IMPACT: Provides financial direction for FY 2022-2023.

DISCUSSION:

The draft FY 2022-2023 Budget was presented at the April meeting and the May meeting. At the meetings we discussed budget issues, the proposed water rate increases, and the line item details of the proposed FY 2022-2023 Budget. During the discussion several items were highlighted, among them was the 5% rate increase and the FY 2020-2021 CIP. Highlights of the FY 2022-2023 Budget include:

- A 5% increase in the Water Usage, Base Rate and Capital Debt Reduction Charges. This is the third year of the five-year plan to increase capital funding to a sustainable level.
- Water sales are projected to be flat.
- FY 2020-2021 CIP, Water Main Replacement of ~5,400' on Old River Rd. and Woodland Drive at \$1,650,000.
- The transfer to the Capital Improvement Reserve Fund (CIRF) of \$395,000.

The Proposition 218 notices were mailed by April 18, ~3,600 notices were mailed to all property owners. As of May 26, 113 protests have been received.

Exhibit A is the FY 2022-2023 Budget. It includes the budget detail. This document plus information on the proposed 5% water rates increase will be on the District website.

AGENDA NO. V-D

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

Subject: FY 2020-2021 CIP PROJECT UPDATE

RECOMMENDED ACTION: Receive report; give any needed direction.

FISCAL IMPACT: \$1,650,301.00

DISCUSSION:

Replacement of aging water main infrastructure is an important activity of the Sweetwater Springs Water District. Toward that end, the District has developed a multi-year capital improvement program that has prioritized the capital infrastructure that needs to be replaced or improved. The District is currently working on the FY 2020-2021 CIP, replacing approximately 5,400 ft of existing main and 58 services on Old River Rd and Woodland Drive, including 16 lead goosenecks. The new HDPE water main will replace old galvanized, steel, and cast iron pipe.

This construction project was advertised in December of 2021, and five bids were received and opened on January 18, 2022, at 2:30 pm, in accordance with bid instructions. The project had an Engineer's Estimate of Probable Cost of \$1,601,944. After careful review and analysis of the bid by Piazza Construction (Piazza), the bid was awarded to Piazza. Piazza has done good work for the District in the past, and the bid amount is below the Engineer's Estimate of Probably Cost.

The work authorized under this contract is scheduled to begin on March 30, 2022; according to the contract, it will be completed within 70 working days of the notice to proceed. The work involves repair, replacement and/or reconstruction of existing water main distribution lines, and the installation of water "services" and fire hydrants. The work is in the same general location as existing facilities and will result in no expansion of system capacity. The work is part of the District's Capital Improvement Program and will provide important and necessary improvements to the District distribution system.

The Board approved the award in the amount of \$1,353,421.00 by Piazza Construction, and authorization for the General Manager to approve up to \$135,000 in total change order authority for work not anticipated by the contract, and construction management and inspection costs by Coastland Engineering for the project estimated at \$161,880.00. This puts the entire project cost at \$1,650,301.00 including the total change order amount.

This project will be self-funded by the District and with CDBG funds of \$705,000. As such, the Project Award must be approved by CDC staff. District staff have been in communication with CDC and the District has informed the CDC of the award of the contract.

Piazza has submitted the fully executed contract and required supporting documentation. These have been distributed to our Engineers and CDC. A notice to proceed is being drafted by Coastland. Preconstruction meeting was held on March 8, attended by CDC staff, Piazza, Coastland, Jack, and I. Tentative start date was the second week of April 2022. Permit Sonoma was slow to issue the encroachment permit to Piazza so the project is now due to start March 2, 2022.

Construction of the project is underway. Piazza Construction has completed all of the potholing required on Old River Road and reports no additional lead issues as a result of the potholing. At this point, Piazza has bored and installed approximately 900 linear feet of 6 inch HDPE water main, installed 6 service saddles, and prepared 6 water services. No safety, traffic, or community concerns have been noted or reported. Coastland Engineering reports that the project is moving forward appropriately, in terms of schedule and budget, with the exception of some minor construction delay caused by conditions beyond the control of the contractor. It is anticipated that a small amount of additional time will be requested on the project schedule.

AGENDA NO. V-E

FROM: John Haig, RGS Consultant

Meeting Date: June 2, 2022

SUBJECT: DISCUSSION/ACTION RE New website and billing system

RECOMMENDED ACTION: Move forward with staff's recommendations to update the website and billing system.

FISCAL IMPACT: Website: \$200/month; Billing system (Muni-Link)\$11,000 setup, then \$1,195/month*

DISCUSSION:

For years now staff has discussed the need to update the website and the billing system. While it's difficult to abandon a billing system that works and runs free of charge as of February our software is outdated and no longer supported. More importantly, more and more of our customers are requesting the ability to view their bill online which would require updates to both our billing software and our website. "Outdated" is the recurring issue here. The pandemic put progress on both of these projects on hold and accelerated the desire and need for an updated online presence.

Updating the website. Staff has already contracted with Streamline to migrate our current website to an updated platform. Streamline was recommended by a Filemaker developer we recently retained for a small enhancement to our billing system, and after doing some research myself I was pleased with the look and functionality of the Streamline customer websites. Forestville Water District uses Streamline for their website and has been very happy with its features.

Streamline is overseeing the process of content migration from our current website, and has the platform needed to work with an upgraded billing system to provide a customer portal. Staff is also pleased that the new website will offer a private page for Board members. While Streamline will always be available for ongoing support and training, staff will be able to update website content in-house. Our monthly fee also includes monitoring our website's compliance with state requirements. Staff has already begun the process of building the new website and expects it to "go live" by the end of June. **Updating the billing system.** Staff is recommending replacing our current system – a general database program called Filemaker – with utility billing software Muni-Link.

Muni-Link was the recommendation of our computer consultant Kim Martin at Santa Rosa computers, who staff asked to evaluate various utility billing programs to find a good fit for our needs. While Kim was researching utility billing software, staff pursued the feasibility and cost of enhancing our current software to provide the online bill view feature so desired by our customers as well as other upgrades. Office staff sat through webinars for both options. Both options offer <u>impressive</u> capabilities compared to our current billing system which has been built haphazardly piece by piece – much of it in-house -- since the District was formed in 1992.

Ultimately, office staff unanimously chose Muni-Link because it already has features we were looking for to modernize and consolidate our office functions AND had features we hadn't even considered to modernize our field crew's workorder system and access to billing system information (should we choose to do so). Furthermore, while subscription-based software of any kind constantly updates, by subscribing to utility-based software the updates and upgrades are geared specifically to the needs of utilities.

Staff is satisfied the enhanced customer features, time-saving staff functions, consolidation possibilities, and built-in features ready to accommodate future District modernization projects justify the monthly cost of Muni-Link. It's a huge and labor-intensive project to change billing systems, but the office is (finally) fully staffed with competent personnel right now. The timing is right and staff is willing.

Meeting Date : June 2, 2022

Subject: District Election – November 8, 2022

RECOMMENDED ACTION:

Approve Resolution 22-12, Ordering an Election to be Held and Requesting Consolidation with the November 8, 2022, General Election, and limiting the Statement of Qualifications to no more than 200 words with the costs to be paid by the candidate in advance to the District Secretary.

FISCAL IMPACT:

The estimated cost to the District is not yet known. Staff has called the Sonoma County Registrar of Voters has not yet received a callback. However, based on costs provided for the last election in 2020, three District Director seats could range from \$25,000 – \$38,186 based on cost per voter range of \$4.00 to \$6.50. It should be noted that in recent years these costs were not incurred as an election was not necessary: the District had the same number of candidates as open seats.

Candidates will be required to pay for their own (optional) Statement of Qualifications at a not-toexceed cost of \$656 based on a 200-word, English-only statement.

DISCUSSION:

The terms of Directors Schaap, Holmer and Robb-Wilder will expire in December. The nomination period for interested candidates in these open Board seats -- including incumbents -- is July 18 – August 12, 2022. Attached is the general informational letter from the County. Information about the filing process and forms required can be found at <u>https://sonomacounty.ca.gov/CRA/Registrar-of-Voters/Candidate-Filing/</u>

Candidates have the option of including a **Statement of Qualifications** at their own expense when they file their other candidacy papers at the County. Get this form from the District, and payment for the Statement must be paid in the form of a "not-to-exceed" check to the District (the amount is not known yet but expect it to be at least \$200, not to exceed \$700 or more) You will need the District's receipt as part of your filing paperwork.

The recommended action is consistent with past Board policy on the election.

MEMORANDUM

TO: ADMINISTRATION DIRECTOR

FROM: SONOMA COUNTY REGISTRAR OF VOTERS

DATE: APRIL 7, 2022

SUBJ: INFORMATION ON UPCOMING CONSOLIDATED ELECTIONS

The regular biennial election of your District Board Directors will take place on November 8, 2022. Nominations for offices in your district open on July 18, and close on August 12, 2022. If any incumbent fails to file during the nomination period, there will be a five-day extension through 5 p.m. on August 17, 2022, for anyone other than the incumbent officer.

The Registrar of Voters Office would like to assist you in any way possible in meeting all of your filing deadlines. Enclosed is a sample Resolution form to request consolidation, a Notice of Offices to Be Filled and Statement of Responsibility for the Statement of Qualifications and a Notice of District Boundaries. Filing dates for each of these documents are included on the election calendar enclosed.

We are including forms for submitting Candidates' Statements of Qualifications as well as guidelines for preparing the statement. These forms may be provided to any candidate wishing to include a printed Statement of Qualifications in the Sonoma County Voter Information Guide.

If your district requires payment in advance for printing statements, candidates must secure a receipt from your office as proof of payment before a statement will be accepted for filing by our office. We will send out cost estimates via email as soon as they are available.

Statements of Qualifications must be filed at the same time all other nomination documents are filed in the office of the Registrar of Voters. Statements may be withdrawn but not changed during the nomination period or extended nomination period if applicable.

If you have any questions regarding this or any other election related matters, you may call our office at (707) 565-6808 or write us at P.O. Box 11485, Santa Rosa, CA 95406. Your continued cooperation and assistance in the conduct of elections is greatly appreciated.

SUBJECT: DISCUSSION/ACTION RE REMOVING FORMER GENERAL MANAGER AS A SIGNER ON WEST AMERICA ACCOUNTS

RECOMMENDED ACTION: Make a Motion approving revoking former General Manager Ed Fortner as a signer on the West America accounts

FISCAL IMPACT: (None.)

DISCUSSION:

Typically the District adds and revokes signers to the West America account by way of Resolution, accompanied by re-signing a Signature Card provided by the bank. For this simpler task – only removing a signer – the bank is simply requiring action recorded in the Minutes. The more formal process will occur when a permanent General Manager is hired and we add that person as a signer to the accounts.

Subject: GENERAL MANAGER'S REPORT

RECOMMENDED ACTION: Receive report from the General Manager.

FISCAL IMPACT: None

DISCUSSION:

- **1. Laboratory Testing/ Regulatory Compliance:** Water quality tests confirm that all SSWD water meets all known State and Federal water quality standards.
- 2. Water Production and Sales: Water sales in April 17,024 units Drought restrictions and potential curtailments may become mandatory in this year. Looking at the data over the last ten years, water production has dropped approximately 29%, and sales have dropped 18%, although water sales and production are up during the COVID period.
- **3. Leaks:** We had two total main leak repairs in April requiring with fifty-nine hours on them, and 2 service leaks requiring 36 hours.
- 4. In-House Construction Projects: There was no in-house construction project in April.
- **5. Wright Drive CDBG Grant Application:** We have applied for \$169,472.00 for the design and planning of the Wright Drive Capital project, with a match of \$42,368 of District funds. Our project is approved by the CDC and was approved by the Board of Supervisors for inclusion in the plan to be submitted to HUD. County staff advises that the CDBG allocation was somewhat smaller in actuality than previously estimated, so all projects to be funded will be recommended for a pro-rata reduction in funding of approximately 10 percent. Additional information is expected shortly.
- 6. Gantt Chart: The Gantt Chart is as presented for May 2022.

SUBJECT: DISCUSSION/ACTION RE RATIFICATION OF FIFTH AMENDMENT OF CONTRACT WITH REGIONAL GOVERNMENT SERVICES (RGS)

RECOMMENDED ACTION: Approval of Resolution 22-08, ratifying the Fifth amendment to the Agreement with RGS for human resource services.

FISCAL IMPACT: \$150/hr, not to exceed \$54,000.

DISCUSSION:

The District is under contract with Regional Government Services Authority (RGS) for various human resources services. In the past the original contract with RGS has been amended four times. At the May 12, 2022 Special Board Meeting, the Board of Directors authorized the Board President to execute a Fifth Amendment to the RGS Agreement. The Fifth Amendment provides for additional services for hourly work at a rate of \$150/hr. to assist the Board and District staff with a range of operational and administrative duties consistent with the role of an Interim General Manager

Resolution No. 22-08

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SWEETWATER SPRINGS WATER DISTRICT RATIFYING THE FIFTH AMENDMENT TO THE AGREEMENT FOR HUMAN RESOURCES CONSULTING SERVICES WITH REGIONAL GOVERNMENT SERVICES AT A RATE OF \$150/HR. NOT TO EXCEED \$54,000

WHEREAS, Sweetwater Springs Water District ("District") entered into an Consulting Services Agreement for certain human resources consulting services with Regional Government Services ("RGS"), a joint powers authority ("Agreement") dated October 18, 2021; and

WHEREAS, at a May 12, 2022 special meeting, the District Board of Directors authorized the Board President to execute a Fifth Amendment to the Agreement, this amendment for hourly consultant services to perform operational and administrative duties consistent with the role of an Interim General Manager; and

WHEREAS, the Board President executed the Fifth Amendment, attached hereto as Exhibit A; and

WHEREAS, for the purposes of transparency and clarity, the Board of Directors now desires to ratify the Fifth Amendment.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Sweetwater Springs Water District hereby ratifies the Fifth Amendments to the Consulting Services Agreement Between the Sweetwater Springs Water District and Regional Government Services for Human Resources Consulting Services attached hereto as Exhibit A and incorporated herein and authorizes the Board President and General Manager to take such actions necessary and convenient to fulfill the purposes of the Agreement.

SUBJECT: DISCUSSION/ACTION RE NEW SERVICE REQUEST AT 17538 SUMMIT AVENUE (AMAROLI)

RECOMMENDED ACTION: Deny request for a new service.

FISCAL IMPACT: N/A

DISCUSSION:

This item appears was placed Board Agenda at the request of customer Paul Amaroli, who submitted correspondence to the Board at the May meeting (copy attached).

Staff has investigated the possibility of an additional service on the main line servicing Mr. Amaroli's property at 17538 Summit Avenue. Unfortunately, the main is undersized and the storage is inadequate to provide service and fire protection for an additional service without unduly compromising the existing services on this line.

The District has denied service to several other potential customers in this area for the same reasons.

Re: Appeal to grant a waiver for a single-family-home water connection for 17538 Summit Ave.

Dear Board of Directors:

I am writing on behalf of the trust that owns the lot located at 17538 Summit Avenue (APN 072-173-011). In addition to myself, the beneficiaries of the trust are my sisters, Jacqueline Kennedy and Lisa Amaroli.

The lot is part of a subdivision and is surrounded by houses which have been built over the years. In 1957, when owned by Edward Bird, it had a cabin and a permit was approved for a septic system, which must have had a water connection. We do not know what happened to that cabin, but later the property was acquired by our father and in the 1980s he was granted a building permit for the lot but did not continue with that project.

We are trying to sell the lot but, as you will understand, the lack of a water connection is a major obstacle. We have been told that there is a moratorium for 5 years or more on new connections.

We appeal to you, the Board of Directors, to grant a waiver to allow a single-family-home water connection for this property.

The approval of a connection would remove the main obstacle to our sale of the lot. The lot is the only undeveloped land on the street, and it would improve the overall appearance of the community were a home to be built on it. Development and upkeep of the parcel would also ensure close management of vegetation and keep rodents and other pests to a minimum for the sake of surrounding homes.

Many thanks for your consideration of our appeal. In addition to this email, I am sending the same text via regular mail.

Cordially,

Paul Amaroli, Trustee Ralph and Theodora Amaroli Trust

AGENDA NO. V-B

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

SUBJECT: APPROVAL OF FISCAL YEAR 2022-2023 WATER RATES

RECOMMENDED ACTION:

- A. Hold a public hearing on the proposed Fiscal Year 2022-2023 Water Rates;
- B. Approve Resolution 22-10, which establishes water rates for FY 23, increasing the Base Rate, Water Usage Charge, and Capital Debt Reduction Charges by 5%.

FISCAL IMPACT: Increases revenues to the District by an estimated \$144,138 for District operations for FY 2022-2023.

DISCUSSION:

The proposed 5% water rate increase for FY 2022-2023 was discussed in the May meeting of the Board, and the Board set a 218 Public Hearing on the rate increase for this date. The proposed increase was discussed as a part of budget discussions and the funding to be derived from the proposed rate increase is an important factor in the proposed budget for FY 2022-2023.

The Proposition 218 notices were mailed by April 18, 2022. Approximately 3,600 notices were mailed to all District property owners. As of May 26, 113 protests have been received.

The District received comments from some ratepayers as follows;

"This will be a hardship for me."

"Everywhere prices have increased. Sweetwater Springs should stem the tide and postpone a rate hike."

Two ratepayers wrote letters and District staff responded by telephone to both customers who wrote in.

Resolution No. 22-10

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SWEETWATER SPRINGS WATER DISTRICT ADOPTING WATER RATES FOR FISCAL YEAR 2022-2023

WHEREAS, the Sweetwater Springs Water District (District) provides domestic water services to its residents; and

WHEREAS, the District collects from customers of this utility rates and charges to fund the operation and maintenance of the District, including rates and charges that are collected for providing water service and for repaying debt service; and

WHEREAS, pursuant to Water Code Section 31007, the District Board of Directors is authorized to establish rates and charges sufficient to pay for operating expenses, provide for repairs and depreciation of works and pay for the principal and interest on debt; and

WHEREAS, pursuant to Water Code Section 31025, the District shall fix and through the General Manager collect water rates; and

WHEREAS, Section 3900 of the Sweetwater Springs Policies and procedures provides for the setting of rates for water services by resolution; and

WHEREAS, the District Board of Directors undertook a rate study to analyze the revenue requirements and the recommended rate structure needed to proportionately allocate the costs of providing water service to its customers. The rate study was prepared by Bartle and Wells (2020 Rate Study) and has been on file at the District Office since the notices to property owners mailed out by April 18, 2022; and

WHEREAS, based on the 2020 Rate Study and other information provided to the Board of Directors, the Board of Directors has evaluated the anticipated revenues and expenditures necessary to operate the District and cover the costs of providing water services to customers of the District; and

WHEREAS, charges for local agency water service have been held to be "property related fees or charges" subject to the requirements of Article XIIID of the California Constitution, also known as Proposition 218, pursuant to the holding in *Bighorn-Desert View Water Agency v. Verjil* (2006) 39 Cal.4th 205; and

WHEREAS, Section 6 of Article XIIID of the California Constitution provides that imposing or increasing any property-related fee or charge requires identifying the parcels on which the fee or charge will be imposed and providing notice by mail of the proposed fee or charge to the record owner of each identified parcel indicating the amount of the fee or charge to be imposed on each parcel, the basis on which the amount of the proposed fee or charge, and the date, time, and location of a public hearing on the proposed fee or charge; and

WHEREAS, Section 6 of Article XIIID of the California Constitution further provides that hearings on proposed property-related fees or charges must be conducted at least forty-five (45) days after mailed notice to the owners of each identified parcel on which the fee or charge is proposed to be imposed, and that at the hearing, the local agency must consider all protests against the proposed fee or charge, and that if written protests against the proposed fee or charge are presented by a majority of owners of the identified parcels, the agency shall not impose the fee or charge; and

WHEREAS, in April of 2022, District staff sent formal notices of the public hearing on the proposed rate structure for the Fiscal Year 2022-2023 in accordance with the requirements of Article XIII-D, Section 6(a) of the California Constitution, and has included other rate information on the District's website; and

WHEREAS, the formal notices advised property owners of the new proposed rate structure and the process for submitting protests to said rate structure to the District, in accordance with the requirements of Article XIII-D, Section 6(a) of the California Constitution; and

WHEREAS, the District Board of Directors conducted a public hearing on June 2, 2022, to hear public testimony on the proposed water rate structure for FY 2022-2023 and heard all testimony regarding the proposed water rates, and accepted all related comments and protests for FY 2022-2023, including oral testimony, written materials, and written protests; and

WHEREAS, at the conclusion of the public hearing, the District Clerk tabulated the number of protests and reported that there was not a majority protest of the proposed water rate structure for FY 2022-2023; and

WHEREAS, based on the evidence and testimony provided at the time of the public hearing on this matter, the Board of Directors finds as follows:

1. The proposed rate increases set forth in Exhibit "A," attached hereto and incorporated herein, follow the recommendations of the 2020 Rate Study that was commissioned by the District Board of Directors as a basis for restructuring water rates commencing in July 2020.

2. Pursuant to the analysis and recommendations contained in the 2020 Rate Study, the revenues derived from the proposed water rates do not exceed the District's actual cost of providing water service, are not used for any purpose other than that for which the charges were imposed and are not levied for general revenue purposes.

3. Based on the 2020 Rate Study, the proposed water rates do not exceed the proportional cost of the service attributable to the properties receiving service, and the charges are imposed only on those properties actually receiving service or those for which service is immediately available.

4. Proper notice of the proposed rate structure and notice of a public hearing on the matter has been given to all owners of identified parcels within the District, in accordance with applicable law.

5. The proposed water rates, as described in Exhibit "A," attached, were not protested by a majority of the persons eligible to protest said rate structure; and

WHEREAS, this Resolution shall supersede all other previous resolutions that may conflict with, or be contrary to, this Resolution respecting the water services rates and charges described more particularly herein.

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of the Sweetwater Springs Water District as follows:

Section 1. Recitals. The foregoing recitals are true and correct and made a part of this Resolution.

Section 2. Base Rate, Water Usage, and Capital Debt Reduction Charges. Effective on all bills issued on or after July 1, 2022, the bi-monthly Base Rate, Water Usage Rate, and Capital Debt Reduction Charges shall be as shown in Table 1 of Exhibit "A," attached hereto and incorporated herein.

Section 3. Tiers Reduction. Effective on all bills issued on or after July 1, 2022, the Water Usage Rate Tiers remain at two tiers, as reflected in Table 1 of Exhibit "A" attached.

Section 4. CEQA. The Board of Directors hereby finds that the levy of the proposed water service rates as supported by a water rate study prepared by Bartle and Wells, which is incorporated herein by reference, is exempt from CEQA review under Public Resources Code section 21080(b)(8) and CEQA Guidelines section 15273 because the proposed water service rates are necessary and reasonable to fund the administration, operation, maintenance, and improvements of the District's water system are necessary to maintain service within the District's existing service area, and will not result in expansion of the system. The Board of Directors

further finds that the action entails the creation of a government funding mechanism which is exempt from CEQA as not being a "project" pursuant to CEQA guidelines section 15378.

Section 5. General Authorization. The General Manager is hereby authorized and directed, for and in the name of and on behalf of the District, to execute and deliver any and all documents, to do any and all things and take any and all actions that may be necessary or advisable, in their discretion, in order to effect the purposes of this Resolution. All actions heretofore taken by officers, employees, and agents of the District that are in conformity with the purposes and intent of this resolution are hereby approved, confirmed, and ratified.

Section 6. Severability. If any section, subsection, sentence, clause, or phrase of this Resolution is for any reason held by a court of competent jurisdiction to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of the Resolution. The District Board of Directors hereby declares that it would have passed this Resolution and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that one or more sections, subsections, sentences, clauses, or phrases may be held invalid or unconstitutional.

Section 7. Supersession and Repeal. Any and all other resolutions or ordinances and parts thereof in conflict with the provisions of this Resolution are superseded and repealed, effective on the effective date of this Resolution.

Section 8. Effective Date. This Resolution shall take effect immediately upon adoption. The water rates set by this Resolution shall become effective on all bills issued on or after July 1, 2022.

PASSED AND ADOPTED this 2nd day of June 2022.

AGENDA NO. V-C

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

SUBJECT: APPROVAL OF THE FISCAL YEAR 2022-2023 OPERATING AND CAPITAL IMPROVEMENT BUDGET

RECOMMENDED ACTION:

- A. Hold a public hearing on the proposed Fiscal Year 2022-2023 Budget;
- B. Approve Resolution 22-11, which approves the FY 2022-2023 Budget including the District's proposed water rates based on a 5% increase.

FISCAL IMPACT: Provides financial direction for FY 2022-2023.

DISCUSSION:

The draft FY 2022-2023 Budget was presented at the April meeting and the May meeting. At the meetings we discussed budget issues, the proposed water rate increases, and the line item details of the proposed FY 2022-2023 Budget. During the discussion several items were highlighted, among them was the 5% rate increase and the FY 2020-2021 CIP. Highlights of the FY 2022-2023 Budget include:

- A 5% increase in the Water Usage, Base Rate and Capital Debt Reduction Charges. This is the third year of the five-year plan to increase capital funding to a sustainable level.
- Water sales are projected to be flat.
- FY 2020-2021 CIP, Water Main Replacement of ~5,400' on Old River Rd. and Woodland Drive at \$1,650,000.
- The transfer to the Capital Improvement Reserve Fund (CIRF) of \$395,000.

The Proposition 218 notices were mailed by April 18, ~3,600 notices were mailed to all property owners. As of May 26, 113 protests have been received.

Exhibit A is the FY 2022-2023 Budget. It includes the budget detail. This document plus information on the proposed 5% water rates increase will be on the District website.

AGENDA NO. V-D

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

Subject: FY 2020-2021 CIP PROJECT UPDATE

RECOMMENDED ACTION: Receive report; give any needed direction.

FISCAL IMPACT: \$1,650,301.00

DISCUSSION:

Replacement of aging water main infrastructure is an important activity of the Sweetwater Springs Water District. Toward that end, the District has developed a multi-year capital improvement program that has prioritized the capital infrastructure that needs to be replaced or improved. The District is currently working on the FY 2020-2021 CIP, replacing approximately 5,400 ft of existing main and 58 services on Old River Rd and Woodland Drive, including 16 lead goosenecks. The new HDPE water main will replace old galvanized, steel, and cast iron pipe.

This construction project was advertised in December of 2021, and five bids were received and opened on January 18, 2022, at 2:30 pm, in accordance with bid instructions. The project had an Engineer's Estimate of Probable Cost of \$1,601,944. After careful review and analysis of the bid by Piazza Construction (Piazza), the bid was awarded to Piazza. Piazza has done good work for the District in the past, and the bid amount is below the Engineer's Estimate of Probably Cost.

The work authorized under this contract is scheduled to begin on March 30, 2022; according to the contract, it will be completed within 70 working days of the notice to proceed. The work involves repair, replacement and/or reconstruction of existing water main distribution lines, and the installation of water "services" and fire hydrants. The work is in the same general location as existing facilities and will result in no expansion of system capacity. The work is part of the District's Capital Improvement Program and will provide important and necessary improvements to the District distribution system.

The Board approved the award in the amount of \$1,353,421.00 by Piazza Construction, and authorization for the General Manager to approve up to \$135,000 in total change order authority for work not anticipated by the contract, and construction management and inspection costs by Coastland Engineering for the project estimated at \$161,880.00. This puts the entire project cost at \$1,650,301.00 including the total change order amount.

This project will be self-funded by the District and with CDBG funds of \$705,000. As such, the Project Award must be approved by CDC staff. District staff have been in communication with CDC and the District has informed the CDC of the award of the contract.

Piazza has submitted the fully executed contract and required supporting documentation. These have been distributed to our Engineers and CDC. A notice to proceed is being drafted by Coastland. Preconstruction meeting was held on March 8, attended by CDC staff, Piazza, Coastland, Jack, and I. Tentative start date was the second week of April 2022. Permit Sonoma was slow to issue the encroachment permit to Piazza so the project is now due to start March 2, 2022.

Construction of the project is underway. Piazza Construction has completed all of the potholing required on Old River Road and reports no additional lead issues as a result of the potholing. At this point, Piazza has bored and installed approximately 900 linear feet of 6 inch HDPE water main, installed 6 service saddles, and prepared 6 water services. No safety, traffic, or community concerns have been noted or reported. Coastland Engineering reports that the project is moving forward appropriately, in terms of schedule and budget, with the exception of some minor construction delay caused by conditions beyond the control of the contractor. It is anticipated that a small amount of additional time will be requested on the project schedule.

AGENDA NO. V-E

Meeting Date: June 2, 2022

SUBJECT: DISCUSSION/ACTION RE New website and billing system

RECOMMENDED ACTION: Move forward with staff's recommendations to update the website and billing system.

FISCAL IMPACT: Website: \$200/month; Billing system (Muni-Link)\$11,000 setup, then \$1,195/month*

DISCUSSION:

For years now staff has discussed the need to update the website and the billing system. While it's difficult to abandon a billing system that works and runs free of charge as of February our software is outdated and no longer supported. More importantly, more and more of our customers are requesting the ability to view their bill online which would require updates to both our billing software and our website. "Outdated" is the recurring issue here. The pandemic put progress on both of these projects on hold and accelerated the desire and need for an updated online presence.

Updating the website. Staff has already contracted with Streamline to migrate our current website to an updated platform. Streamline was recommended by a Filemaker developer we recently retained for a small enhancement to our billing system, and after doing some research myself I was pleased with the look and functionality of the Streamline customer websites. Forestville Water District uses Streamline for their website and has been very happy with its features.

Streamline is overseeing the process of content migration from our current website, and has the platform needed to work with an upgraded billing system to provide a customer portal. Staff is also pleased that the new website will offer a private page for Board members. While Streamline will always be available for ongoing support and training, staff will be able to update website content in-house. Our monthly fee also includes monitoring our website's compliance with state requirements. Staff has already begun the process of building the new website and expects it to "go live" by the end of June. **Updating the billing system.** Staff is recommending replacing our current system – a general database program called Filemaker – with utility billing software Muni-Link.

Muni-Link was the recommendation of our computer consultant Kim Martin at Santa Rosa computers, who staff asked to evaluate various utility billing programs to find a good fit for our needs. While Kim was researching utility billing software, staff pursued the feasibility and cost of enhancing our current software to provide the online bill view feature so desired by our customers as well as other upgrades. Office staff sat through webinars for both options. Both options offer <u>impressive</u> capabilities compared to our current billing system which has been built haphazardly piece by piece – much of it in-house -- since the District was formed in 1992.

Ultimately, office staff unanimously chose Muni-Link because it already has features we were looking for to modernize and consolidate our office functions AND had features we hadn't even considered to modernize our field crew's workorder system and access to billing system information (should we choose to do so). Furthermore, while subscription-based software of any kind constantly updates, by subscribing to utility-based software the updates and upgrades are geared specifically to the needs of utilities.

Staff is satisfied the enhanced customer features, time-saving staff functions, consolidation possibilities, and built-in features ready to accommodate future District modernization projects justify the monthly cost of Muni-Link. It's a huge and labor-intensive project to change billing systems, but the office is (finally) fully staffed with competent personnel right now. The timing is right and staff is willing.

AGENDA NO. V-F

FROM: John Haig, RGS Consultant

Meeting Date : June 2, 2022

Subject: District Election – November 8, 2022

RECOMMENDED ACTION:

Approve Resolution 22-12, Ordering an Election to be Held and Requesting Consolidation with the November 8, 2022, General Election, and limiting the Statement of Qualifications to no more than 200 words with the costs to be paid by the candidate in advance to the District Secretary.

FISCAL IMPACT:

The estimated cost to the District is not yet known. Staff has called the Sonoma County Registrar of Voters has not yet received a callback. However, based on costs provided for the last election in 2020, three District Director seats could range from \$25,000 – \$38,186 based on cost per voter range of \$4.00 to \$6.50. It should be noted that in recent years these costs were not incurred as an election was not necessary: the District had the same number of candidates as open seats.

Candidates will be required to pay for their own (optional) Statement of Qualifications at a not-toexceed cost of \$656 based on a 200-word, English-only statement.

DISCUSSION:

The terms of Directors Schaap, Holmer and Robb-Wilder will expire in December. The nomination period for interested candidates in these open Board seats -- including incumbents -- is July 18 – August 12, 2022. Attached is the general informational letter from the County. Information about the filing process and forms required can be found at <u>https://sonomacounty.ca.gov/CRA/Registrar-of-Voters/Candidate-Filing/</u>

Candidates have the option of including a **Statement of Qualifications** at their own expense when they file their other candidacy papers at the County. Get this form from the District, and payment for the Statement must be paid in the form of a "not-to-exceed" check to the District (the amount is not known yet but expect it to be at least \$200, not to exceed \$700 or more) You will need the District's receipt as part of your filing paperwork.

The recommended action is consistent with past Board policy on the election.

MEMORANDUM

TO: ADMINISTRATION DIRECTOR

FROM: SONOMA COUNTY REGISTRAR OF VOTERS

DATE: APRIL 7, 2022

SUBJ: INFORMATION ON UPCOMING CONSOLIDATED ELECTIONS

The regular biennial election of your District Board Directors will take place on November 8, 2022. Nominations for offices in your district open on July 18, and close on August 12, 2022. If any incumbent fails to file during the nomination period, there will be a five-day extension through 5 p.m. on August 17, 2022, for anyone other than the incumbent officer.

The Registrar of Voters Office would like to assist you in any way possible in meeting all of your filing deadlines. Enclosed is a sample Resolution form to request consolidation, a Notice of Offices to Be Filled and Statement of Responsibility for the Statement of Qualifications and a Notice of District Boundaries. Filing dates for each of these documents are included on the election calendar enclosed.

We are including forms for submitting Candidates' Statements of Qualifications as well as guidelines for preparing the statement. These forms may be provided to any candidate wishing to include a printed Statement of Qualifications in the Sonoma County Voter Information Guide.

If your district requires payment in advance for printing statements, candidates must secure a receipt from your office as proof of payment before a statement will be accepted for filing by our office. We will send out cost estimates via email as soon as they are available.

Statements of Qualifications must be filed at the same time all other nomination documents are filed in the office of the Registrar of Voters. Statements may be withdrawn but not changed during the nomination period or extended nomination period if applicable.

If you have any questions regarding this or any other election related matters, you may call our office at (707) 565-6808 or write us at P.O. Box 11485, Santa Rosa, CA 95406. Your continued cooperation and assistance in the conduct of elections is greatly appreciated.

Thank you,

Meeting Date: June 2, 2022

SUBJECT: DISCUSSION/ACTION RE REMOVING FORMER GENERAL MANAGER AS A SIGNER ON WEST AMERICA ACCOUNTS

RECOMMENDED ACTION: Make a Motion approving revoking former General Manager Ed Fortner as a signer on the West America accounts

FISCAL IMPACT: (None.)

DISCUSSION:

Typically the District adds and revokes signers to the West America account by way of Resolution, accompanied by re-signing a Signature Card provided by the bank. For this simpler task – only removing a signer – the bank is simply requiring action recorded in the Minutes. The more formal process will occur when a permanent General Manager is hired and we add that person as a signer to the accounts.

AGENDA NO. VI

FROM: John Haig, Senior Advisor

Meeting Date: June 2, 2022

Subject: GENERAL MANAGER'S REPORT

RECOMMENDED ACTION: Receive report from the General Manager.

FISCAL IMPACT: None

DISCUSSION:

- **1. Laboratory Testing/ Regulatory Compliance:** Water quality tests confirm that all SSWD water meets all known State and Federal water quality standards.
- 2. Water Production and Sales: Water sales in April 17,024 units Drought restrictions and potential curtailments may become mandatory in this year. Looking at the data over the last ten years, water production has dropped approximately 29%, and sales have dropped 18%, although water sales and production are up during the COVID period.
- **3. Leaks:** We had two total main leak repairs in April requiring with fifty-nine hours on them, and 2 service leaks requiring 36 hours.
- 4. In-House Construction Projects: There was no in-house construction project in April.
- **5. Wright Drive CDBG Grant Application:** We have applied for \$169,472.00 for the design and planning of the Wright Drive Capital project, with a match of \$42,368 of District funds. Our project is approved by the CDC and was approved by the Board of Supervisors for inclusion in the plan to be submitted to HUD. County staff advises that the CDBG allocation was somewhat smaller in actuality than previously estimated, so all projects to be funded will be recommended for a pro-rata reduction in funding of approximately 10 percent. Additional information is expected shortly.
- 6. Gantt Chart: The Gantt Chart is as presented for May 2022.

7. The following charts have not been updated since May and are the most recent information available at this time.
